

## destination.com

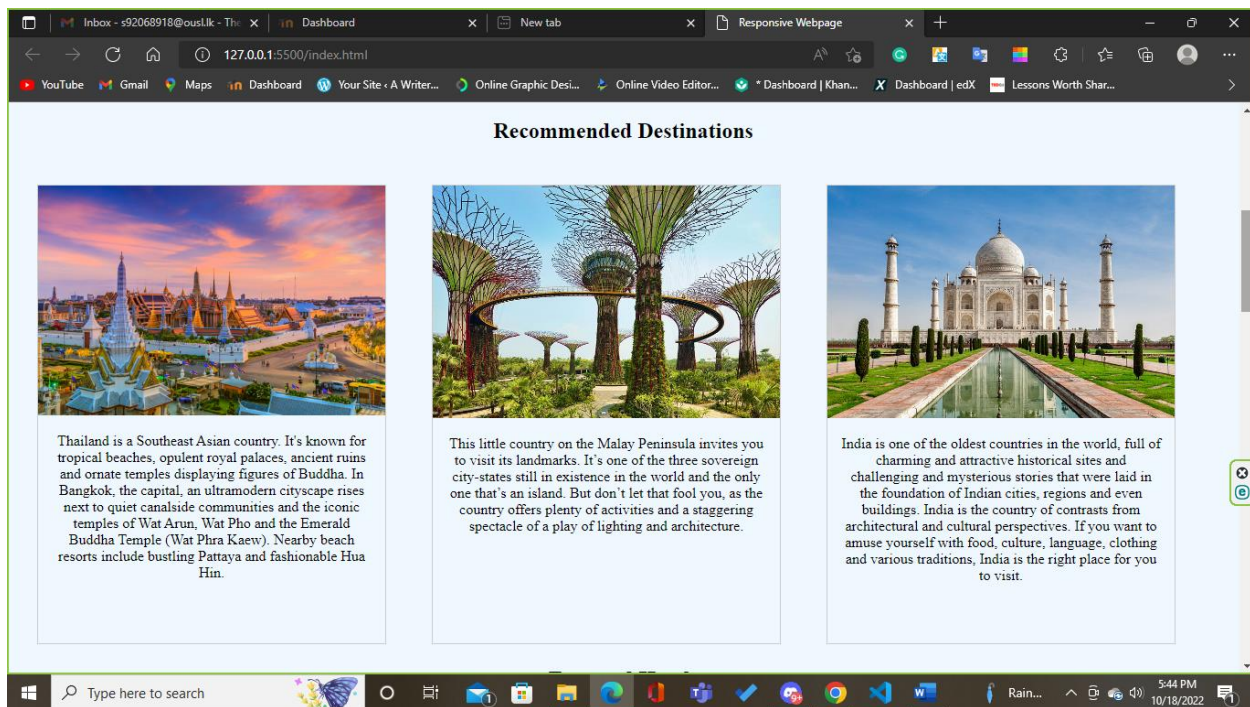

destination's homepage immediately greets users with the destination search form they came to find, guiding them to their logical next step in their client journey. The navigation bar has eye-catching and that segment their listings into various easy-to-use categories.

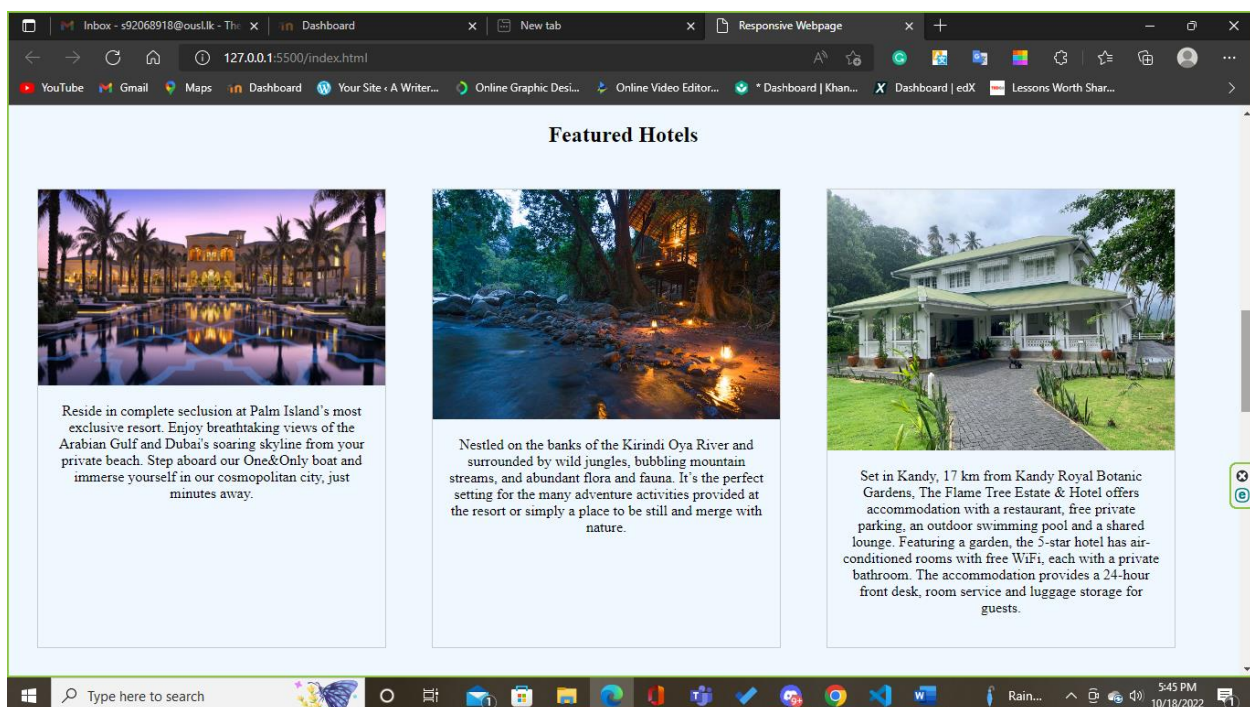

The design also includes a smart search form, which auto-fills the user's last search to minimize friction when they use the site.

Their homepage displays stunning graphics of rentals all over the world to **create urgency and inspire users** to book their destination and start traveling. Media elements—like a image right below the navigation bar—engage users to convert.

destination's user-centric web design has helped them connect with more customers, bring in more bookings, and increase brand awareness.

Destination's recommended destinations are the best and popular countries featuring section. The website recommended you the present best country areas and activities

Destination's featured hotels are the best deals and popular hotels featuring section. The website recommended you the best and beautiful hotels around the world.
